<b>Paperback</b>		entrants.

An essential student resource which looks at the part the medical school interview plays in the overall process through which students are selected to study medicine.

### About the authors

#### Tony Edgar, MB, BS, MSc, FFPH

Tony qualified in Medicine from Newcastle University in 1971. After working as a principal in general practice in north east England, he undertook specialty training in public health in Manchester. In 1990 he was appointed as Director of Public Health in West Lancashire Health Authority; in 1994 he took up the post of Medical Director of the Fosse Health NHS Trust in Leicestershire, and Honorary Lecturer at Leicester University. In 2002 he was elected Fellow of the Faculty of Public Health of the United Kingdom.

#### Matt Green, BSc, MPhil

After completing a BSc in Biochemistry Matt went on to complete an MPhil at the Royal Marsden Hospital in Sutton, Surrey. This involved working closely with medical professionals on a number of projects developing novel drugs for the treatment of ovarian cancer.

### Book Description

In this book, which aims to help school leavers, mature and graduate students alike, Tony Edgar and Matt Green:

- Look at the part the medical school interview plays in the overall process through which students are selected to study medicine
- Describe the criteria against which interview panels conduct their assessments
- Highlight the importance of thorough preparation in advance of the interview
- Use topical examples to illustrate the key principles underpinning the successful performance on the day
- Provide tips on what to do and what not to do
